# At Karndean we see flooring differently...

We travel the world in our quest to bring you exceptional floors that inspire and delight. From the ancient forests of Europe, to the remote Australian outback and beyond, we seek out expressive and intriguing forms in the natural world to influence our unique floor designs.

**By combining these original features with cutting edge design, we create simply beautiful floors that you'll love for a lifetime.**

# Why Karndean?

All the benefits of Karndean Designflooring...

## Durable

Unlike other flooring alternatives, Karndean gives you the look and feel of natural products but with the durability and resilience of luxury vinyl.

## Comfortable underfoot

Our products are softer and warmer underfoot than natural wood and stone flooring.

## Environmentally friendly

All Karndean floors are 100% recyclable and environmentally friendly.

## Lifetime guarantee

Designed to give you peace of mind, every Karndean floor is guaranteed to last for years to come.

## Waterproof

Karndean's waterproof floors stand up to spills of all sizes and won't swell, crack or warp when wet.

## Pet friendly

From muddy paw prints to household accidents and anything in-between, Karndean's low-maintenance floors are designed with pets in mind.

## Hygienic

Unlike carpets, our floors don't hold dust, dirt, pollen or other allergens.

**Easy to clean and look after**

A sweep and mop with Karndeans Clean is all you need to keep your Karndeans floor looking great.

**Child friendly**

Karndeans floors offer children a safe and comfortable space to play, and parents a durable, easy-to-clean surface.

**Quiet compared to other hard floors**

Karndeans is quieter underfoot compared to most hard flooring alternatives.

**Realistic wood designs**

Inspired by nature, our products are designed in-house and realistically replicate the look and feel of real wood and stone materials.

**Compatible with underfloor heating**

For added warmth, Karndeans is perfectly suitable for underfloor heating systems up to 27°C.

**K-Guard+**

We use K-Guard+ surface technology for scuff and stain resistance ensuring there is no need to apply an additional surface treatment following installation.

**Resists indentation**

All Karndeans floors stand up to the impact of day to day life.

# Art Select Wood

Full of charm and character, our Art Select wood collection brings the natural beauty of real timber to life in your home.

Through meticulous attention to detail and careful selection of some of the most beautiful and inspiring natural woods, our Art Select wood collection includes our most intricate designs and realistic embosses.

Each plank is handcrafted to reflect the unique grains, knots and textures of natural wood, but unlike real wood we're able to design a floor that's not only beautiful and realistic but is also practical.

Everything that a beautiful wood floor should be, and so much more, each of our Art Select woods tells its own story.

# New for 2019

Our Art Select range welcomes 14 new designs for 2019, featuring inspiration from hickory, oak and chestnuts.

Each of these designs accurately replicate the features and characteristics of the real woods that inspired them.

In a range of shades from light and airy to rich and warm, the new designs will bring the natural beauty of real wood to life in any home.

## Inspired by French oak...

Prairie Oak **RL20** - page 24

French oak has been long-established as a popular choice of flooring. Inspired by wood sourced from European forests, French oak boards are recognisable for their clean, natural designs and with recent interior design trends calling for neutrals and pastels, our designers have kept the colour tones in line with this.

A single-smoking process enhances the smooth, flowing grain variation which creates a beautifully tonal floor. Our designers went for a matte finish which further enhances the subtle tonality of this beautiful wood.

Our latest oak designs have been created in a large 56" x 9" plank and 18" x 3" parquet format, ideal for zoning within large open plan spaces.

Savannah Oak SM-RL23 - page 48

## Inspired by reclaimed American chestnut...

Salvaged from the floor joists, granary boards and roof rafters of traditional American barns and factories, the wood ranges widely in colour from light browns to a dark chocolate.

The original boards that our designers recovered on a trip to a reclamation yard in Ohio, featured an array of cracks, worm holes and blemishes which were the result of dehydration, beetle infestation and weathering. It was immediately clear that these boards would make a fantastic floor with the contrast of the wood's attractive grain structure and the nail holes and raft marks from previous use. Typically left unpolished for its eclectic, rustic appearance, the American chestnut creates a striking and unique floor design. Our subtle matte finish replicates the original unpolished boards.

## Inspired by the American Midwest...

Vintage Hickory **EW12** - page 30

Our reclaimed hickory was recovered from a reclamation yard and the original trees would once have stood tall in the forests that cover the East and Midwest USA. The contrast in colour between the deeper 'heartwood' of the plank and the bright, outer sapwood creates a stunning effect in the reclaimed product.

During the early American period, it was common practice to saw the logs with mechanical rotary blades. This process inspired us to introduce a new and exclusive emboss to this product that enhances the reclaimed characteristics, giving the planks a genuine, subtle cross-sawn appearance and texture. The stark colour variation creates a unique and elegant design.

# Oak Royale

Pages 19 – 26

Our oak designs are amongst the most popular flooring choice, offering a versatile range of colour and plank options. With designs inspired by traditional French oaks, the Oak Royale collection features a range of hues, including gentle beige, cool grey and warm honey tones to blend seamlessly into décor styles from traditional country to modern industrial. This beautiful collection offers some of our most intricate designs featuring realistic grain and knot details and a gently rippled handscraped texture, to create a truly authentic look.

Glacier Oak offers the beauty and style of traditional French oak but in a stunning palette of on-trend glacial greys – shades not ordinarily found in oak. With subtle hints of soft pinks and beige to warm the overall effect, you can tailor your room design to complement the pastels, or contrast with darker wooden furniture and accessories.

Savannah Oak is inspired by wood sourced from European forests. An attractive wood in its natural state, it works well in both traditional and contemporary interiors. With subtle golden hues, the delicate sandy shade running through the grain forms an intricate, attractive pattern.

Inspired by the beauty and warmth of traditional blond oak with none of the practical challenges of real wood maintenance. This classic looking oak creates an airy sense of space whatever your room style.

For a rich, classic dark wood effect, take a look at Winter Oak. Its lovely chocolatey tones add a feeling of depth and sophistication to any room. The realistic grain and gently rippled surface bring you all the texture and warmth of real timber.

# Handcrafted

Pages 29 – 36

Our Handcrafted collections features three designs in warm and inviting finishes. Our original, stained hickory planks have been delicately created with a registered emboss to follow the exact grain and knot details of the design. Our classic hickory design features intense colour variation, while an exclusive emboss reproduces the characteristic saw marks and texture of the original planks. Faithfully replicating the unique array of cracks and blemishes of aged timbers, our Reclaimed Chestnut design has a subtle matte finish for an eclectic, rustic appearance.

Weathered Hickory **EW11** with DS04 10mm design strip

Elegant and stylish, this attractive and characterful design is a variation on a natural American hickory. The light sandy tones of the outer sapwood stand out against the darker heartwood. Retaining the subtle cross-sawn marks found in the reclaimed timber, Vintage Hickory provides the perfect look for those wanting a traditional wood in an on-trend shade.

Classic Hickory EW13

The contrasting colours found in hickory produce a dramatic effect when used in flooring. Our latest emboss features the subtle cross-sawn marks found in the reclaimed timber to give Natural Hickory, with its warm golden hues, an unfinished appearance for an authentic look in more traditional settings.

Reclaimed Chestnut EW21

Inspired by American chestnut, a species which suffered near-extinction in the early 20th Century, our Reclaimed Chestnut planks feature a wide range of colour tones from blonds and creams to dark chocolates. With its eclectic, rustic appearance, and varied plank widths and lengths, Reclaimed Chestnut creates a truly striking floor that never fails to impress.

Hickory Nutmeg **EW03**

Hickory Peppercorn is the deepest brown of our Handcrafted collection, in which the clever mirroring of surface texture to grain pattern creates a uniquely tactile and detailed design. Run your fingers over the knots and tooling marks to really appreciate the realism of the finish.

# Oak Premier

Pages 39 – 42

Inspired by traditional oak, each design features the faithful replication of realistic grain and knot details, finished with a unique texture. With a range of warm, variable tones and designs crafted to match the traditional look of real oak flooring, each of our Oak Premier designs creates a homely, classic look in any space.

Inspired by the traditional craftsmanship associated with premium oak flooring, the classic style and gentle texture of Dawn Oak provides an ideal backdrop to your space.

# Parquet

Pages 45 – 56

Inspired by traditional parquetry, we've taken classic parquet and crafted a collection that will transform any room in your house with our most intricate and elegant oak designs. Charming and sophisticated, our parquet flooring can be arranged in a variety of patterns, such as herringbone or block. Each of our parquet designs is available in a matching full sized plank, ideal for home designers looking to add visual interest in open plan spaces or to match flooring 'room to room'.

A kitchen with a large arched window, light grey cabinets, and a herringbone parquet floor. The floor is made of Storm Oak AP07 with DS12 5mm design strip. The kitchen features a white sink, a white oven, and a wooden countertop. The floor is made of Storm Oak AP07 with DS12 5mm design strip.

Create a modern parquet look with the ashy grey tones of Storm Oak. Featuring a handscraped emboss provides an authentic look without the difficult upkeep, it's the perfect style to add character to your space.

Mountain Oak features subtle, gentle shades of colour ranging from pinky-creams to pastel grey-browns. This on-trend neutral provides an ideal base for a modern, minimalistic setting. Use accessories to introduce colour themes and textures.

Inspired by wood sourced from European forests, Prairie Oak presents a beautiful array of pale earthy browns. The lighter shades offer a stylish modern alternative to traditional oak flooring without losing the detail in the grain.

We offer more than 200 flooring choices across gluedown, loose lay and rigid core format. Download or order a copy online to view the complete collection inspired by the look and texture of natural wood and stones.

## Colour and Pattern Reproduction

We are careful to make sure our brochures are accurate and printed to very high standards, but photography and printing cannot always create a perfect representation of our products. For this reason, we strongly recommend that you look at a sample of any product you are considering before placing your order.

All our products are inspired by things we have seen in the natural world. Just as variation in colour and detail is part of the unique beauty of natural materials, it is also a feature of many of our designs. This means that with some of our products you will see natural variation when your floor is laid. If in doubt, ask your retailer to show you a larger sample of the product.

We love developing new ideas and improving on our existing designs. This does mean that sometimes products are withdrawn at short notice. We hate to disappoint, and will always try to work with you to find an alternative design that you love just as much.
